Criteria for admission to the Graduate College to pursue the Master of Science or Master of Electrical Engineering include:

1. A baccalaureate degree from an accredited institution in Engineering, Electrical Engineering, or Mathematics with a minimum cumulative grade point average (GPA) of 3.0 on a 4.0 scale.

2. Three (3) years of full-time equivalent (FTE) work experience in a relevant field or completion of a firmly planned and completed course of study at a university in engineering, electrical engineering, or mathematics with a minimum cumulative GPA of 3.0 on a 4.0 scale.

3. Completion of an undergraduate degree program in Electrical Engineering (EE), Computer Engineering (CE), or Computer Science (CS) with a minimum cumulative GPA of 3.0 on a 4.0 scale.

4. Completion of an undergraduate degree program in Mathematics (MATH) or Physics (PHYS) with a minimum cumulative GPA of 3.0 on a 4.0 scale.

5. Completion of the following courses with a minimum grade of "C" or better:
   - Complete basic courses in Electrical Engineering (EE), Computer Engineering (CE), or Computer Science (CS)
   - Complete basic courses in Mathematics (MATH) or Physics (PHYS)
   - Complete basic courses in Computer Science (CS)
